TITLE: 1412069851 (RFP) Construction Services for Miller 230kV Solar Substation

PROPOSAL DUE DATE: December 16, 2025

TIME OF RECEIPT: 12:00 PM EST

**THIS ADDENDUM IS FOR THE PURPOSE OF MAKING THE FOLLOWING CHANGES OR CLARIFICATIONS:**

1. **Question:** Can we provide our own version of our price breakdown or does it need to be on the SOV you provided?

**Answer:** The schedule of value provided was just a sample, bidder can submit their own version of the price breakdown.

2. **Question:** The drive path on the original print shows asphalt, but on the Addendum #1 it calls for white #5 limestone with cellular confinement. Which is correct?

**Answer:** The latest drawings are correct. We have removed the asphalt work and provided a cellular confined roadway with white limestone.
